

40 years

Optimum Results Through Better Technology

Since 1980

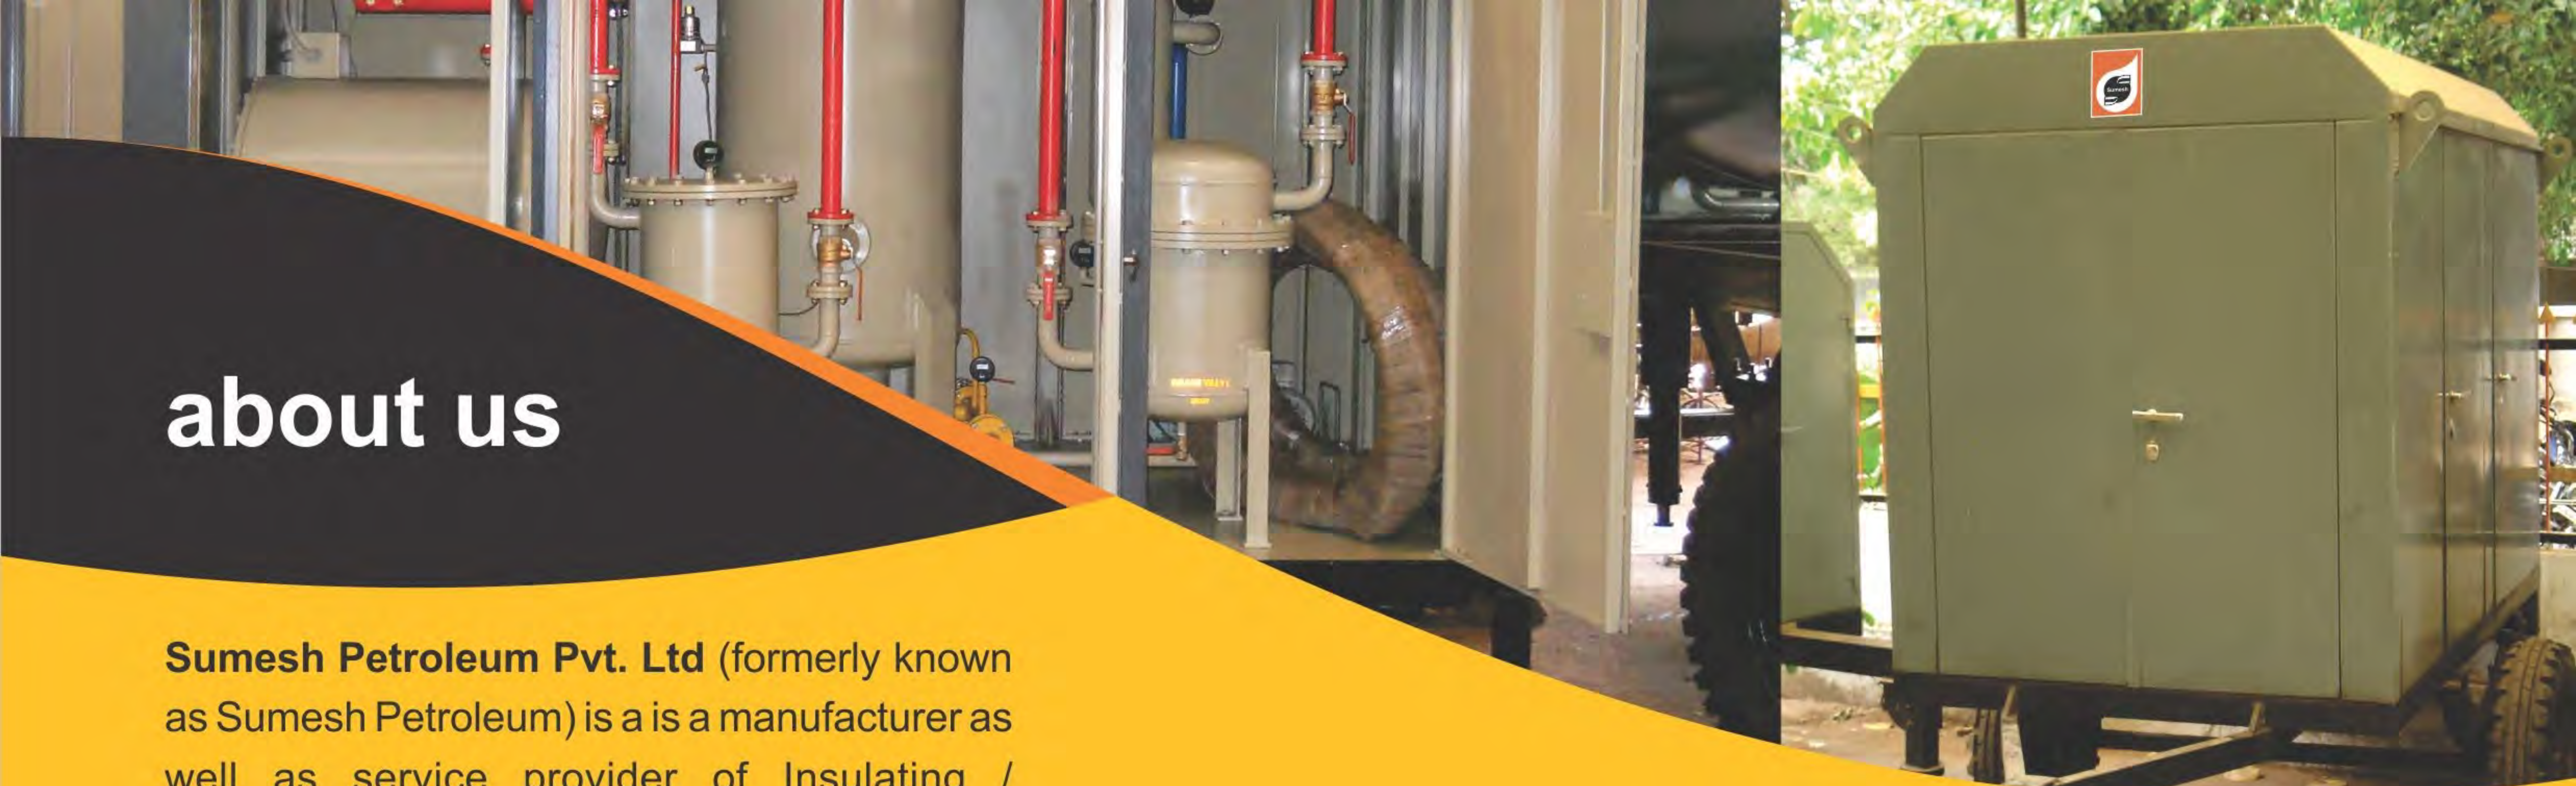

Sumesh Petroleum Pvt. Ltd.

(Formerly Sumesh Petroleum)

An ISO 9001:2015 Certified Company

about us

Sumesh Petroleum Pvt. Ltd (formerly known as Sumesh Petroleum) is a manufacturer as well as service provider of Insulating / Transformer Oil Filter Machine since 1980. Sumesh has supplied such machines to various clients all over India and abroad. It has been exporting Oil Filtration Plants and Mobile Reclamation Units developed by Electrical Research Development Association (ERDA). It is manned by experienced engineers and skilled technicians. The organization is accredited with ISO 9001 : 2008 certification.

Sumesh is one of the leading companies, located in an industrial area with abundant potential of manpower and technical personnel. The company has been catering to wide range of clientele over the past three decades with latest techniques at its disposal.

Keeping in tune with the needs of its valued clients, the company has designed and developed the machines with the twin objective of maximum utility with least maintenance cost under the name and style of 'SUMESH'. The company's specialization lies in developing new items as per specifications provided by client. This not only helps in expanding our horizons but also gives us tremendous satisfaction of providing quality products to our valued customers. Every product supplied / exported has to pass the accepted standards. All products are made from high quality material. The company also exports products, according to client requirements and specifications.

The endless client list is a manifestation of the quality and time conscience of the company. Dedicated and devoted personnel are the secret of our success story. It is our motto to satisfy our clients with possible guidance not only with effective sales but also rendering the required service.

vision

Sumesh the company you have known and trusted for nearly 36 years, continues to deliver excellent filtration plants. We strive to lower your cost of ownership and enhance your final product quality. Sumesh-Pet products are manufactured for easy operation and maintenance. Sumesh Petroleum stands for its exceptional integrity and strength, supporting and providing solutions to our customers beyond their expectations.

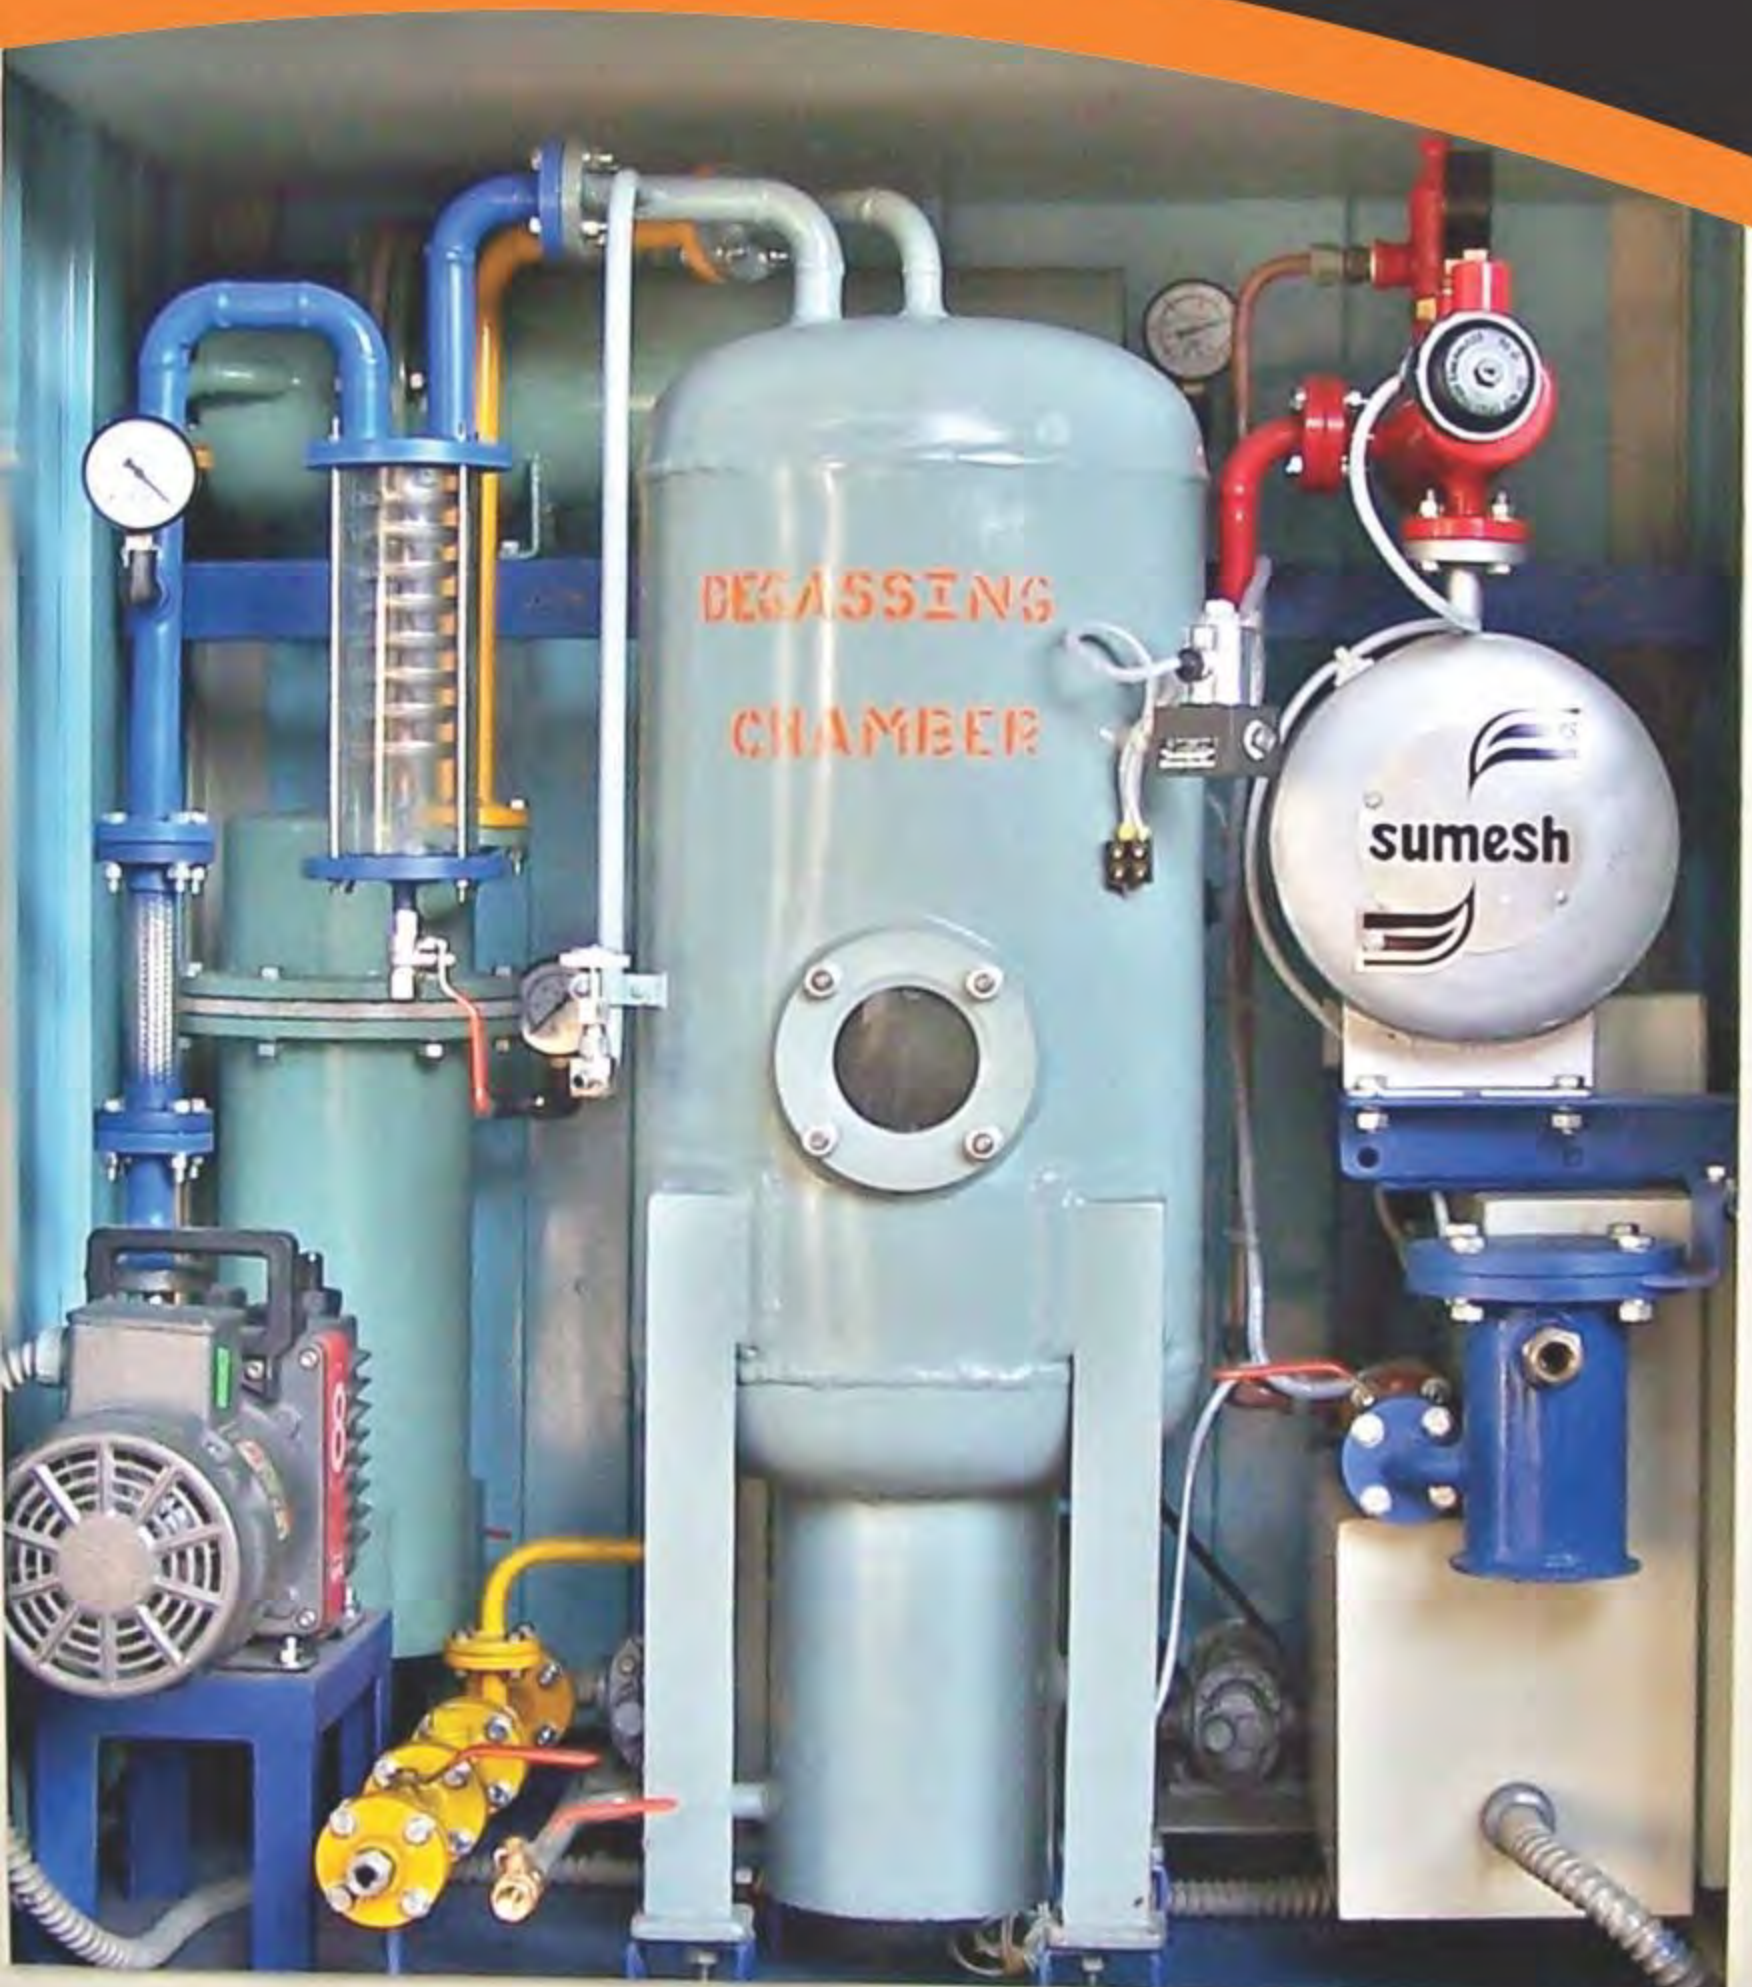

mission

- Anticipate and act upon the needs of our customers
- Achieve excellent in quality, reliability and service
- Earn the trust and confidence of all customers by exceeding their expectations and make the company a respected name
- Work with vigour, dedication and innovation with complete customer satisfaction as our ultimate goal
- Consistently achieve high growth with the highest levels of productivity
- Be a technology driven, efficient and financially sound organization
- Promote a work culture that fosters team spirit, individual growth and creativity to attain goals
- Uphold the guiding principle of trust, integrity and commitment in all aspects of interactions and dealings

research & development

Our company endeavours to improvise the existing system with regular research with the sole aim of providing the best to our customers. Inspection authorities such as RITES, SGS have approved our products. Besides the system, concerted efforts are made to replace the obsolete with the new one, to give the maximum benefit to our valued customers. In essence customer satisfaction is our ultimate goal.

We have recently launched reclamation plant for discarded transformer oil using SUMESH PET Reclamation Plant as site, to provide additional services to our valued clients.

products

- TRANSFORMER OIL FILTRATION PLANT (100 LPH TO 24000 LPH)
- ONLINE X'MER OIL RECLAMATION PLANT (APPROVED BY E.R.D.A)
- EVACUATION SYSTEM
- TRANSFORMER OIL STORAGE TANK
- SS OIL SAMPLE BOTTLE
- DRY AIR GENERATOR
- LUBE / HYDRAULIC OIL FILTRATION PLANT
- PARTICAL REMOVAL SYSTEM TO ACHIEVE DESIRED NAS VALUE
- TRANSFORMER OIL DRY OUT SYSTEMS
- ONLINE MOISTURE REMOVAL SYSTEM FROM ENERGIZED TRANSFORMER
- QUENCHING OIL FILTER MACHINE
- OIL SILO TANK
